**› ACADEMIC EVENT**

To give students insight into how businesses work in Pune and outstations, we organise industrial visits in places like Cottonking, Coca-Cola, Mapro, Parle-G, NSE and more. Ensuring daily provision is the primary goal. The program enables students to apply their academic knowledge through practical contacts, working practices, and employment procedures inside organisations. Apart from the academic knowledge taught in college, it exposes students to modern working practices. Attending industrial visits is an excellent

opportunity to engage with companies and get further knowledge about the industrial setting. A wide range of academic events with an exclusively academic focus are organized by ISMs Pune. Seminars, workshops, club activities and other activities fall under this category of events.

## CULTURAL & OUTBOUND ACTIVITIES

Through its numerous activities, ISMS Pune not only achieves academic excellence but also promotes unity among cultures and sportsmanship. Every year, the campus comes alive with vibrant cultural events that unite students from all backgrounds, such as Saraswati Vandana, Diwali, Independence Day and more. These events give students an occasion to celebrate diversity while connecting with their roots. RuBaRu, the grand fresher's party, is one of the most eagerly awaited cultural events. It brings in a new chapter of experiences and friendships for first-year students. Through its annual sports events, ISMS Pune promotes cooperation and physical fitness in addition to its cultural offerings. Sports including football, cricket, and badminton are played by students in both their junior and senior years, encouraging a healthy spirit of rivalry.

## LIFE IN THE UNITED KINGDOM

The United Kingdom (UK) has long been regarded as a key educational center for students from all over the world. With many of its universities listed among the top 100 in the world, the United Kingdom has never lost its allure among students. As an international student, you may be exposed to a variety of enriching experiences that might help you explore new aspects of yourself. The country is known for its modern and contemporary culture, but it also has a long history and tradition. As an international student, you will develop a greater sense of responsibility and gain insight into many cultures and lifestyles. It may have considerable value in addition to the quality of academic training, and it may assist catapult your career to new heights.

## ACADEMIC ACTIVITIES

### STUDENT CLUBS

#### FINANCE CLUB :

“Managing money isn’t everyone’s cup of tea” The Club assists students in discovering their true potential through financial knowledge sharing and the organization of various events such as guest lectures, presentations, and so on. We wish to grow together at ISMS so that each of us has an equal awareness of diverse sectors, which will help us have a better understanding of the financial world. It aims to pique students' interest in finance on campus, as well as provide possibilities for them to pursue that passion through competitions, workshops, and professional opportunities. The club is important in improving student readiness for placements, as well as serving as a link between the industry and the student community.

#### MARKETING :

The club remains active throughout the year and intends on “Marketing that matters and Products that win”. The objectives of the club are to keep students informed about current events in the marketing world, help them develop creative thinking abilities in solving marketing issues, groom their personalities and make them more self-confident in facing the world and teach them marketing art and techniques that will help them become industry-ready. Our mission is to make this club the most important resource for students interested in the marketing sector, through the collaboration of our members, management, faculties, and corporate organizations. ISMS’s marketing club gives students a chance to polish their marketing skills, showcase their creativity, and stay up to date with the latest tidings.

## ACADEMIC ACTIVITIES

### HR CLUB

HR Club brings together students who are interested in Human Resource Management and assists them in developing interpersonal skills that are necessary in the business world. Student members get a wealth of resources for their HR knowledge growth and get the opportunity to network with HR professionals. Connecting with HR professionals provides students with a valuable opportunity for their future careers. The club's objective is to enrich students' knowledge and abilities to comprehend as well as envisage. The club uses various conventional and unconventional methods to improve its members' knowledge base, and it is supervised by HR professionals from leading organizations.

### ENTREPRENEURSHIP DEVELOPMENT CLUB :

The Entrepreneurship Development Club aims to foster in students an entrepreneurial mindset and creative thinking abilities. Our management students are being successfully equipped by this club to continue on their path to becoming prosperous entrepreneurs. The club organizes a wide range of events to foster and promote entrepreneurial awareness and skills, and train our college's innovative thinkers.

## ACADEMIC ACTIVITIES

### INDUSTRIAL VISIT

Industrial visits are an important part of our college's academic curriculum. We organize industrial visits in both Pune and outstations. The main objective is to provide students with an understanding of how companies operate on a daily basis. It allows students to apply theoretical knowledge in real-world situations through interactions, working methods, and employment procedures in organizations. It exposes students to contemporary workplace practices in contrast to theoretical knowledge offered in college. Industrial visits are a fantastic way to interact with businesses and learn more about the industrial environment.

### SEMINARS & WORKSHOPS :

ISMS Pune organizes a number of academic activities with a solely academic focus.

These include seminars, workshops & etc. Through these activities, students can learn leadership, social responsibility, volunteerism and transferable skills including communication, teamwork, organization, problem-solving, and time management.

## OUTBOUND ACTIVITIES

We conduct various outbound activities in Girivan, Mahabaleshwar, and outstations where students will be expected to face difficult situations as individuals and in groups. This will help students in understanding the value of leadership, delegation, planning, communication, and teamwork.

Outbound activities are one of the most effective ways to improve confidence, teamwork, and personality. Activities include Trekking, Chain Reaction, Chain Management, etc. Furthermore, it keeps the mind healthy by providing students with a respite from their studies.

## CULTURAL CLUB

### “NO CULTURE CAN LIVE IF IT ATTEMPTS TO BE EXCLUSIVE”

Students' versatility is required in today's world. Academic progress alone is no longer sufficient for today's students. Students must participate in a variety of extracurricular activities, including many cultural activities, in order to develop an all-around personality. The Cultural Cell in ISMS was established to encourage student participation in various cultural activities. The Cultural Cell is very enthusiastic about its activities. This cell trains students to dissolve their various ethnic and regional identities in order to create a unique culture in which they learn the value of harmony in the face of diversity. Students are constantly encouraged and given the required instruction to participate in various activities. The Cultural Cell aims to instill and maintain Social and National Values in students while also encouraging the growth of diverse arts and abilities. Many events organized and participated under Cultural Cell help students develop interpersonal skills such as problem-solving, time management, leadership, organizing ability, and so on. The students eventually develop a well-groomed personality as a result of all of this, allowing them to pursue their bright future.

## STUDENT MOBILITY PROGRAM

International exchange programs have become crucial for inspiring students from different cultural backgrounds to work together to better understand the world. One example of the changing effectiveness of such programs is the Student Mobility Program between Leeds Beckett University (LBU) and the International School of Management Studies (ISMS) in Pune.

The twelve-days stay at ISMS Pune by LBU students provided an exclusive opportunity for cross-cultural learning and discovery. By discovering Pune's historical sites, the guests learned more about the city's rich past and the region's diverse cultural fabric. The LBU students' participation went beyond historical locations when they played sports with their ISMS buddies. The LBU students performing and dressing in traditional Indian attire was a highlight of this cultural exchange. On the other hand, ISMS students had the opportunity to engage with LBU students and learn about the various cultural differences in the UK. The Sports Faculty of Leeds actively engaged with ISMS students, demonstrating that the educational aspect of the exchange program was not overlooked. In conclusion, the Student Mobility Program between Leeds Beckett University and ISMS Pune is a great example of the positive impacts that international exchange programs may have on students, institutions, and global awareness.

## SPORTS FACILITIES

Sports are important in moulding one's personality, keeping one's body healthy, and instilling the value of discipline in one's life. Several sporting facilities are available to keep our students physically healthy. We encourage students to avail the facility of playing outdoor sports as provided by the institute, engage in team sports with their peers, and attend intramural games.

## PASSING OUT CEREMONY

This is an event by ISMS Pune where the graduated batch is recognized for their excellent performance during their academic period, through awards and certificates, and the college certificates are also distributed among the students, declaring them officially as post graduated.

## INFRASTRUCTURE

### DIGITAL CAMPUS

An Internet plays a key role in keeping communication going. Millions in the world are benefited by this innovation. Communications has been very fast, effective over the last decade. It opens a whole new virtual world for the user to explore. One can find any primary information at a click of the mouse. Internet access largely facilitates education. The entire campus is wi-fi enabled, allowing easy and instant access to the internet. This keeps the students abreast with current affairs and global news.

### INTERNATIONAL STANDARD CLASSROOMS

A well-arranged and equipped classroom gives scope to a more interactive learning experience. We have well-ventilated, spacious, air-conditioned classrooms with comfortable seating arrangements. Each classroom is equipped with the latest Audio-Visual aids, Smart Screen, and Tutor Module for interactive learning sessions. All of our teaching sessions are delivered using these facilities. The classroom atmosphere facilitates knowledge-exchange environment.

## INFRASTRUCTURE

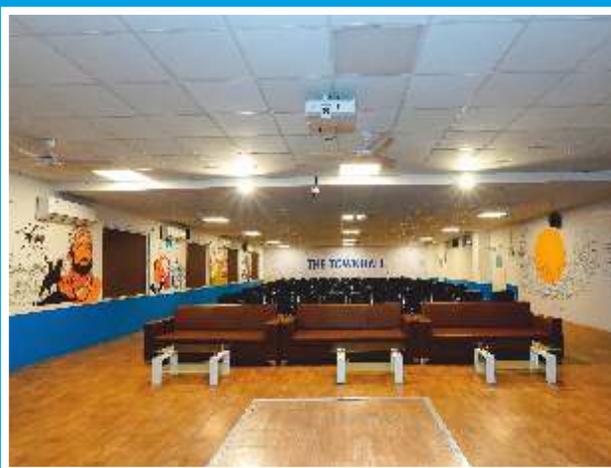

### LIBRARY

ISMS Pune's Library has thousands reference books that provide primary information about wide-ranging subjects that are a must for students to understand the concepts in their curriculum. We also have periodicals, business magazines, research papers, and journals. The library facilities are available till late evenings allowing the students to choose the time of their convenience.

### SEMINAR HALL

To facilitate this learning experience, the institute has a Seminar Hall named "THE TOWNHALL" with the latest audio-visual aids. This state-of-art Seminar Hall regularly witnesses interactive Seminars, workshops and guest lectures.

## INFRASTRUCTURE

### ISMS SPORTS CAFÉ

The students bond over food and friendly conversations which has also become a relaxing zone, the student's step-in between two lectures and unwind here.

### COMPUTER LAB

The Institute has modern computer labs equipped with latest Intel-based processors running windows comprising high-end servers and nodes. The labs are networked in and the institute has a fully operational high speed dedicated internet connection to provide uninterrupted internet access to the students. This enhances the capacity of students to professionalize themselves and provide them with access to current information.

## INFRASTRUCTURE

### LOUNGE & BOARD ROOM

This is the area where the students can stretch their legs during a workshop or have group discussions among their club members. The purpose of this area is to give students a separate area for discussion and to relax.

### HOSTEL FACILITIES

There are separate hostels for boys and girls. The hostel rooms are well-ventilated and spacious with an attached bath-cum-toilet. The cleaning and washing facilities are provided to the resident students. These hostels are tobacco and alcohol-free zones. It indeed is a home away from home!
