INFORMATION BROCHURE 2015-16

SRCOE

OUR VISION

To be the competitive and renowned technical institute imparting quality education for socio-economic development of our country.

OUR MISSION

To prepare well cultured and knowledgeable technocrats by imparting quality education who will responsible of this country.

ABOUT THE SOCIETY

Shree Ramchandra Education Society, Pune, (SRES) was founded in the year 2008 to impart quality education to the aspiring students. The Society was initiated by the President Hon'ble Shri Maruti Ramchandra Bhumkar and his family, who are committed and dedicated to business, social work and academics. Late Shri Ramchandra Bhumkar, had a dream to have an excellent technical educational institute which will impart quality education to the students at an affordable cost. To fulfill the dream of Shri Ramchandra Bhumkar, Bhumkar brothers established an educational trust in the named as 'Shree Ramchandra Education Society', Pune. The management of SRES is committed to provide the State-of-the-art infrastructure, excellent academic ambience and Socio-economical environment to the students to become the responsible citizens of our country and to face the global challenges in the coming future.

Accordingly, the society has established an engineering institute with a mission to provide quality technical education, under the name and style 'Shree Ramchandra College of Engineering ' at Lonikand, Pune 412 216, (MS) from the academic year 2011-12, with a motto of becoming a premier centre of excellence in the field of Engineering and Technology, to impart quality education for the benefit of aspiring students.

PRESIDENT'S MESSAGE

It gives me great pleasure to introduce **'Shree Ramchandra College of Engineering' (SRCOE),** Lonikand, Pune established by **'Shree Ramchandra Education Society, Pune.**

We are in the field of business, social work and have taken keen interest in the field of technical education. As a social responsibility and to fulfill the commitment and dream of our father, we have established an educational institute, under the name **'Shree Ramchandra Education Society',** Pune, in the year 2008 and **Shree Ramchandra College of Engineering, Lonikand, Pune** started functioning since A.Y. 2011-12.

Quality and Excellence play a vital role in education. We apply modern methods of technology in the teaching -learning process and day-to-day governance of the college which will help the students to become more confident, innovative and knowledgeable to face global challenges.

I assure you that you will get, the best and quality teaching, state-of-the-art academic and infrastructural facilities of desired standards. I am sure that the campus life that you will experience at **"Shree Ramchandra College of Engineering"**, Lonikand, Pune, will make formative years of your professional life worth remembering.

I extend a very warm welcome to budding Engineers / Technocrats.

With Regards and Best wishes.

Shri M. R. Bhumkar
Founder President
Shree Ramchandra Education Society

SECRETARY`S MESSAGE

It gives me immence pleasure to welcome you to **"Shree Ramchandra College of Engineering",** Lonikand, Pune. The college has been imparting quality technical education to the aspiring students and emphasizes on 'excellence in technical education'. The college provides all the necessary state-of-the art infrastructure, excellent academic and socio-technical environment to the students and we conduct several social, cultural, co-curricular and extracurricular activities throughout the year along with the completion of university academic curriculum. Our teaching faculty is well qualified, dedicated, sincere, hard working, co-operative and they make use of modern and innovative teaching methods for making teaching-learning process more simple, effective, interesting, innovative and result oriented. Thus our students will certainly become more knowledgeable, self confident and practical.

We are continuously making progress and development under the guidance and leadership of our dynamic and visionary **Founder President Shri. M . R. Bhumkar.** Due to team spirit and good working culture and implementation of certain value added courses under 'Systematic Education Plan', our college will certainly become one of the reputed colleges in the field of Engineering education.

Once again, I welcome all the students, wish you to work hard and make bright career for yourself and become responsible citizens of our country to face global challenges with proper understanding of human values. Thanks from the core of my heart.

With Regards and Best wishes.

Shri. S. R. Bhumkar
(Secretary)
Shree Ramchandra Education Society

PRINCIPAL`S MESSAGE

Warm Greetings! I welcome you all whole-heartedly to **Shree Ramchandra College of Engineering (SRCOE) Lonikand, Pune.**

Shree Ramchandra Education Society was founded with the aim of imparting quality education to all. Education is a very important contributing element to both social mobility and economic development. Technological progress in the last few decades in communication, transportation and information has helped to eliminate national barriers and create a global market place. At SRES, our mission is to encourage students to develop confidence, self-motivation, research and problem solving skill sets and more importantly to think independently. Furthermore, we aim to provide an academically exhilarating environment allowing our students to enjoy a first class educational and social experience. We give top priority to discipline, knowledge, academics and over all growth of a student.

Shree Ramchandra College of Engineering provides the necessary infrastructure and a team of qualified and motivated faculties, for the student community. We have created an excellent educational atmosphere. Added to this, to encourage sports and extra-curricular activities among the students, we are offering various facilities for this. To help you in finding jobs, our placement cell is well associated with industry. We prepare and train our students to face the aptitude test / personal interviews so that it becomes easy and helpful for them during placement drive.

I warmly welcome the young aspiring students to be a part of **SRCOE** and wish you pass out successfully as valuable as well as men able citizens. I believe that students from SRCOE will be well equipped to meet the challenges of the global market and command an exceptionally high reputation amongst employers or become the best enterprenners in near future. I assure that your stay at, SRCOE and your study here will be a pleasant experience, to be enjoyed and cherished forever.

Thank You & Best Luck..!

Prof.Dr.Avinash D.Desai
PRINCIPAL
Shree Ramchandra College of Engineering, Pune.

ABOUT THE COLLEGE

"Shree Ramchandra College of Engineering" (SRCOE) was established in the academic year 2011 - 2012 under the aegis of **"Shree Ramchandra Education Society", Pune,** with a clear objective of providing the quality technical education with high standards. The college is recognized by **AICTE, New Delhi and DTE,MSBTE, Government of Maharashtra and is affiliated to Savitribai Phule Pune University, Pune.** The college has obtained the permission to run four years engineering degree courses in Mechanical, Civil, Computer, Electrical & E&TC (Electronics and Telecommunication). The College provides excellent academic and socio-economical environment to the students. The Engineering College has developed the state-of-the-art infrastructure, well equipped laboratories, digital library, sample number of books are made available in a resourceful library with sufficient number of reference , text and hand books, excellent class rooms, adequate parking space, sport facilities & hygienic cafeteria etc. These facilities create conducive environment for teaching-learning process. The college has appointed well qualified, experienced (academic and Industrial), result oriented teaching faculties, supporting staff and administrative staff who are committed and devoted, which will help for the overall growth and development of the students and the college.

The full-fledged Training and Placement cell of SRCOE continuously monitors the employment opportunities available in various domains and arranges the campus interviews for the eligible students both at Under Graduate and Post Graduate level. It also organized Guest Lecture, industrial visit and training of faculty and students in various industries viz, Reliance, John Deer, Ashok Leyland, Forbes Marshall, Bosch, Indo German Tools etc.

COURSES OFFERED: **We offer following course at Diploma,UG & PG level.**

Course Level	Name of the Course	Branch Code	Intake (Nos)
Undergraduate Programme (B.E.)	1. Mechanical Engineering	675961210	120
	2. Mechanical Engineering (Direct Second Year)	675961280	60
	3. Computer Engineering	675924510	60
	4. Civil Engineering	675919110	60
	5. Electrical Engineering	675929310	60
	6. Electronics & Telecommunication Engg.	675937210	60
Postgraduate Programme (M.E.)	1. Mechanical Engineering (Design)	675990410	24
	2. E&TC Engg.(VLSI & Embedded Systems)	675937210	24
	3. Computer Engineering	675924510	24
Post SSC Diploma (Polytechnic)	1. Mechanical Engineering	675961220	60
	2. Civil Engineering	675919120	60
	3. Electrical Engineering	675929320	60

TRAINING & PLACEMENT CELL

We know that every student who joins the institution deserves to get an earning opportunity. Our belief consolidates in our efforts to ensure that our students get proper training as well as jobs. The Department works on Aptitude test preparation, personality development, counseling, industry institute interactions, self employment etc. We have specialized expert faculty to train the students exclusively for campus placements. The college has a Language laboratory to take care of student's English Communication. The Team Placement works day in and day out to ensure that the best of the corporates visit us for recruitments.

Objective

To mould / train the students to meet the requirements of corporate expectations and place them in reputed companies

The activities

- To arrange MOCK sessions for enhancing the communications skills, group discussion techniques and written test which are the screening methods used by the recruiters.
- To establish a strong bond between industry and students / institute.
- To organize guest lectures by eminent personalities from the industry, in order to emphasis the ever changing need of the industry and to make one ready for it.
- To update continuously the database of students to meet the different requirements of industries.
- To arrange In-plant training, Industrial visits, Project sponsorship, Guest lectures etc.
- To assist in signing the MoUs with industries.
- To organize
  - a. Faculty Development Programms.
  - b. Orientation Programs for students.
  - c. Career Counseling & Guidance.
  - d. Entrepreneurship Guidance Programmes.
  - e. Placement seminars & Talks.
- **Through rigorous efforts we could achieve 95% of placements and we hope to reiterate such performance this year as well.**
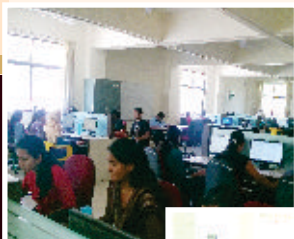

Campus Connect

It prepares under graduates while at college, who are not only having sound fundamental knowledge of subjects and related software, but also have the ability to integrate and apply them in practical situations, effectively and compete in today's market place such as teamwork, project management, cross functional networking, effective communications and logical & innovative thinking which will be a value addition in their profile.

In view of the above we have kept the thrust on improving relationships with companies by way of CAMPUS CONNECT PROGRAMS which will yield the following results.

- IT companies are interested in training students from third year, who will be almost ready hands when they graduate and can start working with the company from day one itself. The company saves on training period and money and our students will have better employment opportunities.
- FDP will be organized by the company to update our faculty in current technology. This trained faculty will chalk down the training program for the students immediately after the completion of FDP. We are offering requisite infrastructure to companies for conducting FDP effectively.
- Companies are showing keen interest to offer projects to our UG & PG students and provide guidance.
